

Supporting Solution Provider

Exclusive opportunity to elevate your brand

CGA is pleased to announce an exclusive, invite-only opportunity for members dedicated to damage prevention. Don't miss the chance to add exceptional exposure and engagement with CGA's Damage Prevention Institute.

High-Visibility Online Listing

Our offering is customized to meet your specific needs and preferences. We understand that one size doesn't fit all, and we're committed to delivering solutions that align perfectly with your goals.

Over 1,500 users access the DPI website monthly.

Exclusive Access

Gain exposure for your products that can support DPI participants in achieving our collective goal of reducing damages by 50% by 2028. This exclusive access will give you a competitive edge and open doors to new possibilities.

Premium Benefits

Enjoy premium perks and benefits that enhance your experience and provide added value. From VIP treatment to special discounts, we've curated a range of benefits to make your participation truly rewarding.

- Premium listing on the DPI website and DIRT Data Network webpage.
- Invitation to participate as a tabletop exhibitor at the Supporting Supplier Showcase held in conjunction with the CGA Fall Committee Summit annually in Q3.
- Ability to purchase digital advertising on the DPI website. The Damage Prevention Institute requires more than 1,000 leading excavation companies, major utilities and locating organizations to access the website on a monthly basis.

Additionally, major utilities and contract locating companies access monthly under the same requirement.

Community of Excellence

Join a community of like-minded individuals who share your passion and drive for success. Connect, collaborate and learn from each other as you embark on this journey together.

Requirements for Consideration

- A brief application process.
- CGA Bronze Member or higher. Listing size and order by current CGA member hierarchy on dedicated web page.
- Offer a proven technology, equipment or service to the damage prevention industry.
